

DARIEN SAIL & POWER SQUADRON

A Unit of United States Power Squadrons®

Our History

Organized and chartered on October 12, 1953, the Darien Power Squadron was officially accepted by the Governing Board of the United States Power Squadrons at its annual meeting held in February 1954. Under the sponsorship of the Norwalk Power Squadron, members living in Darien, New Canaan and Rowayton formed an ad hoc committee to consider forming a separate unit to serve these communities.

On October 8, 1953, under the leadership of Richard J. Vogel, SN, the first Squadron Commander, and E. Franklin Phillips, AP, the first Executive Officer, an organizational meeting was held at the home of Monroe L. Dinell, N. Squadron officers were elected, and under the expert guidance of Sparton L. St. John, N, the by-laws for the new squadron were prepared and filed along with the necessary paperwork. Four days later the charter petition was signed.

In March of 1998, the membership voted to change the name to Darien Sail & Power Squadron to better reflect the interests of the organization. The name change was approved by the Governing Board of the United States Power Squadrons at its annual meeting. From the original group of eighteen, the Darien Sail & Power Squadron has now grown to 250+ regular and family members.

Education of boaters (both power and sail) remains the most important mission of the squadron. Advanced, elective, and supplemental courses are offered each year. For those who travel, arrangements can be made for self-study. For courses not currently available in Darien, attendance at classes conducted by other squadrons is encouraged.

The Executive Committee is the planning and governing body of the squadron. It consists of the bridge officers, the immediate Past Commander and the Members-At-Large. Active management is the responsibility of the Commander and the bridge officers. The Executive Committee meets monthly and all members are cordially invited to attend.

The TRIDENT, the official publication of the squadron, keeps the membership informed of all activities and developments. Your suggestions, contributions, and assistance in publishing and distributing *The TRIDENT* are welcome.

As members of this fraternal boating club, the Darien Sail & Power Squadron, we are dedicated to civic service and self-education in matters having to do with safety on the water. We are committed to achieving and promoting high standards of navigation, seamanship, and safety by exemplary personal conduct and performance.

The Monroe L. Dinell Memorial Trophy Award

The Monroe L. Dinell Memorial Trophy is awarded annually, when deserved, by the Executive Committee of the Darien Sail & Power Squadron, to that member who, during the preceding year, has best typified the spirit of the Darien Sail & Power Squadron and that of one of its founders, Monroe L. Dinell, N. It recognizes the recipient for outstanding efforts during the year, particularly in education, and for those qualities which go to make our squadron better.
